Subject: Draft EA for proposed license amendment to allow extension of HALEU operations at the ACP
Date: Monday, November 4, 2024 3:23:01 PM
Attachments: Draft for State Review - FRN containing ACO Phase 2 extension request EA and FONSI.pdf

Hello Julie,

Attached is a password-protected file containing a draft Federal Register notice that includes the NRC's EA assessing the potential environmental impacts of the proposed amendment of American Centrifuge Operating's license SNM-2011 to allow the continuation of HALEU operations until June 30, 2025. Please submit any comments you may have by **November 27**. The draft EA is not publicly available, is limited for use by the staff of the EPA Region V, and should not be disclosed without prior NRC permission. The attached document will require a password to open. I will send you a separate email with the password.

If you have any questions please call me at the number below or respond to this email.

Kind Regards,
Christine
