Subject: Request for Additional Information - TVA Request for Approval of Revision 43 to TVA Fleet Quality Assurance Program Description (EPID L-2024-LLQ-0000)

Dear Shawna Hughes:

By email dated December 10, 2024, I transmitted to you a request for additional information (RAI) regarding TVA's request to the U.S. Nuclear Regulatory Commission for review and approval of Revision 43 to the TVA Fleet Quality Assurance Program Description (ML24346A041). Prior to attaching the RAI Word file to the email, I forgot to remove the "DRAFT" watermark. This was an oversight on my part and does not reflect the finality of the RAI. The RAI that was transmitted to you was the final RAI set. As noted in the email, a response to the RAI is due by January 31, 2025.

If you have any questions, please contact me.

Sincerely,
Kimberly Green
Senior Project Manager
Division of Operating Reactor Licensing
U.S. Nuclear Regulatory Commission
