RESULTS SUMMARY - EXAMINATION REPORT NOS. 05000424/2024301
AND 05000425/2024301

Dear James Downs:

The purpose of this letter is to inform you of the individual examination results for the applicants who participated in the initial operator license examination conducted at your facility during the week of December 6, 2024. This letter complies with the intent of NUREG-1021, Operator Licensing Examination Standards for Power Reactors, Revision 12, ES-5.1, Section E.

Enclosure 1 is a copy of Form 5.1-3, Power Plant Examination Results Summary. Enclosure 2 consists of copies of the licenses for the applicants who passed the examination. Enclosure 3 consists of copies of the Individual Examination Reports (Form 5.1-2) for all applicants who took the examination. The Individual Examination Reports are included to enable you to evaluate individual weaknesses and provide appropriate remedial training for those operators as necessary. You should receive the operator license certificates in approximately 90 days. Region II encourages licensees to plan certificate presentation ceremonies for licensed operators. If available, regional management will participate in such ceremonies. Please contact me at 404-997-4718 (e-mail: matthew.endress@nrc.gov) to discuss your plans, or if you have any questions.

Sincerely,

MATTHEW
