**Fee waiver**

yes

This FOIA request is submitted primarily and fundamentally for non-commercial purposes. The requested information holds significant public interest, as it pertains directly to issues of government transparency, the agency's occupancy data, and its implications for the efficient use of taxpayer dollars. With growing concerns about potential fraud, waste, and abuse, the data sought will contribute to the public's understanding of the agency's operations and fiscal responsibility. Additionally, the matter aligns with Congress's and the public's ongoing focus on government efficiency and accountability, making disclosure of this information essential for informed debate surrounding the incoming administration's purported Department of Government Efficiency. Because this is a request by a member of the news media for information of public interest, made in my capacity as an investigative columnist and author, I actively gather information of potential interest to my audiences, and I use my editorial skills to turn raw materials into a distinct work. I furthermore distribute that work to my audience through podcasts or articles through the Daily Signal (a major news outlet). My latest article, published on the Daily Signal, is available here: <https://www.dailysignal.com/author/colin-aamot/>. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed . Please send me a detailed and itemized explanation of those charges. If you have any questions, or feel you need clarification of this request please contact me at [REDACTED].
