Our search identified records that contain equities of your Agency. Accordingly, we are forwarding this information to your Offices for consultation. I have completed an initial review of the documents and, where applicable, marked for redaction and/or withholding those portions that contain deliberative, confidential, personal or non-responsive information. If no response is received by this deadline, we will presume your Agency has no objections. Note: This concerns the above-referenced FOIA request/lawsuit. Please be advised that this request is currently the subject of litigation in Functional Government Initiative v. OMB, 24-cv-2572 DDC). Please note that OMB's production deadline for this material is March 28, 2025, therefore we are requesting your response by no later than February 18, 2025.	02/10/2025

EOIR, 830 F.3d 667 (D.C.Cir. 2016) which found that FOIA "does not provide for . . . redacting non-exempt information within responsive records." As declared by the court, "once an agency identifies a record it deems responsive to a FOIA request, the statute compels disclosure of the responsive record—i.e., as a unit—except insofar as the agency may redact information falling within a statutory exemption."
