Dear Ms. Elliot:

I am writing to clarify the status of certain authorized users listed on our license #52-31281-02 for Puerto Rico Medical Services Administration. Currently Dr. Julio J. Diaz-Padilla and Dr. Lawrence J. Sheplan Olsen are listed as authorized users. While the individuals just mentioned are included in our license as authorized users, they are not actively providing services to the department at this time. However, they are still qualified and may serve as authorized users in the future if needed. The inclusion of these individuals ensures operation flexibility and continuity of care in compliance with NRC regulations. Should any of these authorized users begin actively providing services, we will ensure that all required training and procedural compliance measures are met before their involvement.

Please let us know if any additional information or documentation is required to maintain compliance with NRC requirements. We appreciate your guidance and assistance in this matter.

Sincerely,

Adriana Córdova Ayuso, MS DABR RSO
Medical Physicist

Dear Ms. Elliot:

In accordance with NRC regulations and the requirements of our NRC license #52-31281-02 for ASEM, San Juan, Puerto Rico, we are formally notifying the U.S Nuclear Regulatory Commission of a change in our Executive Director.

Effective January 14, 2025, Dr. Regino Colón Alsina has assumed the role of executive Director for the Puerto Rico Medical Services Administration. He will be replacing Mr. Jorge E. Matta González. Dr. Regino Colón Alsina has extensive experience in medicine and will ensure continued compliance with all NRC regulations and requirements. Included in this letter is his contact information.

Please update your record accordingly, and let us know if any additional information is required. If you have any questions, feel free to contact us.

Thank you for your attention to this matter,

Sincerely,

Dr. Regino Colón Alsina, MD, MHSA
Executive Director, ASEM
