Scott,

Pursuant to our email exchange below, attached please find a redacted copy of the February 5, 2025 Letter of Intent regarding this transaction which is signed by both parties and summarizes the transaction. We expect the purchase agreement to be in final form on Monday but, as previously

indicated, the document will be in excess of 100 pages and will require substantial redaction before it can be shared. I would appreciate your confirmation as soon as possible if we need to prepare a redacted copy of the purchase agreement for your review. Thank you again for your attention to this matter.

Hi John,

Thank you for responding. Our guidance requires us to review the transfer agreement; however, if you can summarize it and provide the pertinent information in a signed document I will review it with our counsel. If more is needed after our review, I will discuss it with you. My goal is to complete the review before your anticipated date of transfer. On another subject, do you have any reservations about the letter you provided being made public? We need to make it available for public comment for thirty days before completing our review so time is of the essence. I look forward to your response.
