SUBJECT: ALABAMA PERIODIC MEETING SCHEDULING LETTER AND AGENDA

Dear Cason Coan:

To help the Agreement States and the U.S. Nuclear Regulatory Commission (NRC) remain knowledgeable of each other's program and to initiate planning for the next Integrated Materials Performance Evaluation Program (IMPEP) review, the NRC conducts one-day periodic meetings with Agreement States in between IMPEP reviews.

In accordance with the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-116, "Periodic Meetings between IMPEP Reviews," and after previous coordination with you, we have scheduled the periodic meeting for May 12, 2025. The meeting will be held at the Radiation Control Program offices in Montgomery, Alabama.

Based on our previous discussions, the likely topics for discussion at the meeting are listed on the enclosed agenda. If there are any additional specific topics you would like to cover, or if you would like to focus on a specific area, please let me know. If you have any questions, please call me at 610-337-5102, or via email at shawn.seeley@nrc.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shawn W. Seeley", is located below the "Sincerely," text.
