Ms Dennise,
Agree. Dr Cohen will not be performing any procedures here.
Thank you,
Vivek Padha

Hi Brian,

That's great news! I do not believe we will be adding Dr. Cohen to the BMC license long term. He generously shared his time with us to assist with the initial cases and provide the necessary hands-on training. Dr. Padha, please correct me if you would like to have him added long term as an AU on the license.

Best,
Dennise

Dennise,

A separate formal letter will not be necessary. If these documents are accepted, an amendment will be processed to remove the SIR-sphere case work requirement from your license.

Additionally, will Dr. Emil Cohen be continuing to perform cases under your license? If so, he will be amended to the license as an authorized user.

Thank you,

Thanks Dr. Padha!

Brian, we were in the process of preparing a formal letter to submit with the attached. Do you still want us to go through the normal channels or can we consider this matter properly closed out directly with you? Thanks!

Best,
Dennise

Good Morning Sir,
I am attaching a letter signed by Dr Cohen, my preceptor and AU.
Let me know if you need anything else.
Thank you,

Very respectfully,
Vivek Padha

Good morning,

I'm just following up on our call earlier. It was discussed that you completed your 3 proctored microsphere cases.

Could you please send over documentation that shows the three cases were completed, and that they were completed under the guidance of the preceptor?

Thank you for your help!
