Mr. Apperson:

This is about your letter requesting amendment to your NRC license, dated April 18, 2025. Please provide us with a memo delegating authority to the Radiation Safety Officer, signed by a member of management and the new RSO, Erik Hill. I have spoken with Erik via telephone and suggested the use of the "Model Delegation of Authority to Radiation Safety Officer," on page D-3 of our guidance document, NUREG-1556, Volume 1, Program-Specific Guidance About Portable Gauge Licenses, which is linked below for your convenience. We will complete our review and issue the license upon receipt of the memo. If you have any questions, please let me know.
