UNITED STATES ATOMIC ENERGY COMMISSION
Washington 25, D.C.

August 5, 1958

Honorable John A. McCone
Chairman, U. S. Atomic Energy Commission
Washington 25, D. C.

Subject: PROPOSED NUCLEAR POWER REACTOR FOR THE CITY OF
PIQUA, OHIO

Dear Mr. McCone:

At its Ninth Meeting, August 4, 1958, the Advisory Committee on Reactor Safeguards was given an oral presentation by the Hazards Evaluation Branch of the general characteristics and site of the proposed nuclear power reactor for the City of Piqua, Ohio.

The matter has not been formally submitted to the Committee as yet and no other information has been made available.

The tentative view of the Advisory Committee on Reactor Safeguards is that the site is not a suitable one.

Sincerely yours,

/s/ C. Rogers McCullough
