Gerardo Marquez-Veglio, President  
Cardiovascular Radiology Institute, Inc.  
P.O. Box 9101  
San Juan, PR 00908-9101

SUBJECT:     CARDIOVASCULAR RADIOLOGY INSTITUTE, INC., LICENSE AMENDMENT,  
                  MAIL CONTROL NO. 645672

Dear Gerardo Marquez-Veglio:

This refers to your license amendment request dated March 13, 2025. Please find enclosed Amendment No. 4 authorizing a revision of the facility diagram and associated shielding calculations. Additionally, your license has been revised to correct the following errors:

- License Condition 12 was lacking the appropriate header; this has been corrected to include the header "Licensed material shall only be used by, or under the supervision of:".
- License Condition 14.A was corrected to include a closing bracket for the ADAMS accession number.
- Various minor errors in spacing were corrected throughout the document.

Please note that License Conditions 14.A and 14.B, though originally from a separate licensee, were retained as they include commitments or program descriptions that you previously committed to retaining as part of your licensing basis; they remain valid even following the revision to your facility diagram and shielding calculations.

An environmental assessment for this action was not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please contact me at 610-337-5170 or via electronic mail at [Jonathan.Pfingsten@nrc.gov](mailto:Jonathan.Pfingsten@nrc.gov) so that appropriate corrections or answers can be provided.

You will be periodically inspected by the NRC. Failure to conduct your program in accordance with NRC regulations, license conditions, and representations made in your license application and supplemental correspondence with NRC will result in enforcement action(s) against you. This could include issuance of a Notice of Violation, or Imposition of a Civil Penalty, or an Order Suspending, Modifying or Revoking Your License as specified in the NRC Enforcement Policy. The NRC Enforcement Policy is available at: <http://www.nrc.gov/reading-rm/doc-collections/enforcement/>.

An electronic version of the NRC's regulations is available on the NRC Web Site at: [www.nrc.gov](http://www.nrc.gov). Additional information regarding medical uses of radioactive materials may be

obtained on the NRC Web Site at: <http://www.nrc.gov/materials/miau/med-use-toolkit.html>. This site also provides the updated Training and Experience NRC Form 313A series of forms and guidance, as well as information on the revised regulations for naturally-occurring and accelerator-produced radioactive materials (NARM).

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web Site at: <http://www.nrc.gov/about-nrc/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

Jonathan Pfingsten, Senior Health Physicist  
Medical and Licensing Assistance Branch  
Division of Radiological Safety and Security  
Region I

License No. 52-35636-01  
Docket No. 030-39271  
Mail Control No. 645672

Enclosure:  
Amendment No. 4

cc: Lynes Matos Rodriguez, Radiation Safety Officer

CARDIOVASCULAR RADIOLOGY INSTITUTE, INC., LICENSE AMENDMENT, MAIL  
CONTROL NO. 645672 DATED MAY 6, 2025
