Re: EBV Explosives Environmental Company
NRC Material License
No. SUB-9939

Dear Mr. Tran

The purpose of this letter is to notify you that our Radiation Safety Officer, Robert Guy has retired. Our new Health & Safety Manager, Joe Metcalf, will be taking the responsibilities of the RSO and will be completing the required training within the next 8 weeks. We have no licensed Material at the site and will not obtain any before the required training has been completed. We will notify you when this has been completed.

Also, effective March 18, 2025, EBV Explosives Environmental Company, Inc.'s name has been changed to Arcwood Environmental – Joplin, Inc. This is a simple name change only with no other changes to the company or ownership of this license (e.g., the company's tax ID number or FEIN remains the same). Attached is the name change notice we have circulated.

If you have any questions regarding this notification, please contact me at (417) 625-4412.

A handwritten signature in black ink, appearing to read 'David F. Zoghby', is written over a horizontal line.
