

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS
United States Atomic Energy Commission
Washington 25, D. C.

September 14, 1959

Honorable John A. McCone
Chairman
U. S. Atomic Energy Commission
Washington 25, D. C.

Subject: COMMONWEALTH EDISON COMPANY - DRESDEN NUCLEAR POWER STATION

Dear Mr. McCone:

On September 12, the Division of Licensing and Regulation brought to the attention of the Advisory Committee on Reactor Safeguards the Memorandum, dated September 11, 1959, of the Hearing Examiner in the Commonwealth Edison Company case. In particular our attention was directed to paragraph five of the Memorandum referring to the Amendment of June 17, 1959.

Accordingly, the Advisory Committee on Reactor Safeguards, at its nineteenth meeting, September 10-12, 1959, reviewed the additional information submitted by the Commonwealth Edison Company in connection with its application for an operating license. This information is contained in Amendments No. 5 and No. 6, dated May 15 and June 17, 1959, respectively, to the License Application.

As a result of this review the Committee sees no reason to modify its previous letter dated May 18, 1959.

Sincerely yours,

C. Rogers McCullough
Chairman
