Honorable John A. McCone  
Chairman

Subject: COMMONWEALTH EDISON COMPANY - DRESDEN NUCLEAR POWER  
STATION

Dear Mr. McCone:

The Advisory Committee on Reactor Safeguards at its twentieth meeting on October 8-9, 1959, reviewed a communication (copy of which is attached) from Hearing Examiner S. W. Jensch, in which he requested the Committee comment upon a proposed license which the Examiner assumed had been submitted to and reviewed by the Committee previously. The Committee has not reviewed the proposed license.

In view of the advice the Advisory Committee on Reactor Safeguards has furnished the Commission, it sees no need to review and comment on the transcript or the details of the proposed license.

Sincerely yours,

/s/  
C. Rogers McCullough  
Chairman
