Hi Jon,

Let's try this one. I'll followup separately with PW. Also, we can meet today at 4:30pm ET to discuss.

Diana, the Tod@ylsJune2 password does not work, I get a message in Adobe Acrobat that states "The password is incorrect. Please make sure that Caps Lock is not on by mistake, and try again" I have tried this password a number of times and always get the same message.

Also, could you let me know if Powertech has a similar map with the proposed wellfields for Dewey and Burdcock and the proposed facilities at Dewey. Otherwise, it would be good to update this map to show those for the site tour. I can also set up a virtual meeting on Monday for the Tribes to show the maps so that they become familiar.
