Subject: CT Transition to Becoming an Agreement State
Date: Monday, May 19, 2025 12:17:00 PM

Licensee Name: Boehringer Ingelheim Pharmaceuticals, Inc.

License No.: 06-19183-01

Docket No.: 030-17101

Xiaorong He Ph.D, MBA/Drane O'Brien:

NOTE: Please confirm receipt of this email.

As you are hopefully aware, the State of Connecticut (State) intends to enter into an Agreement with the U.S. Nuclear Regulatory Commission (NRC). Under the Agreement, the NRC would relinquish to the State regulatory authority for certain licenses authorizing the use of byproduct, source, and special nuclear material. It is anticipated that the Agreement would become effective on or about September 30, 2025. You are receiving this email for awareness of the transition plan as an NRC materials licensee located in and/or authorized to use radioactive material in the State of Connecticut.

The NRC will suspend performance of work on incoming non-emergent licensing actions received after August 15, 2025. All new applications, amendment requests, and complex terminations received after that date will be forwarded to the State for completion. The NRC will continue to process requests that require immediate action through the anticipated effective date of the Agreement.

Please be aware that your license requires financial assurance for decommissioning in accordance with 10 CFR 30.35. You currently have a [type of instrument] in place to meet the requirements. When the agreement is goes into effect, you need to provide new financial assurance instruments to the State. This should be completed within 45 days of the effective date of the Agreement (no later than November 15, 2025). The NRC will maintain your current instrument until we have confirmed that you have financial assurance in place with the State. Once that confirmation has been received all financial assurance documents retained by the NRC will be returned to you via certified mail.

If you have any questions regarding this email, please contact the Division of Radiological Safety and Security at (610) 337-5000 or by email at DRSSMail.Resource@nrc.gov.

Communications with the State of Connecticut should be addressed to:
