

The following security advisory (SA) is not publicly available because it is designated “Official Use Only—Security-Related Information,” which is exempt from public disclosure in accordance with the U.S. Nuclear Regulatory Commission’s (NRC’s) sensitive unclassified nonsafeguards information (SUNSI) handling requirements:

- SA 2024-20, “Recent Events Involving Uncrewed Aerial Systems Overflights at NRC Licensed Facilities”

The NRC issued SA 2024-20 on December 20, 2024, to all affected power reactors, including those under construction; nonpower reactors; decommissioning reactors, including those that are permanently defueled but have not transitioned to decommissioning; fuel fabrication, enrichment, and conversion/deconversion facilities; independent spent fuel storage installations; and licensees possessing special nuclear material under 10 CFR Part 70 licensees. Note that the SA contains security information and is, therefore, being withheld from public disclosure in accordance with NRC SUNSI handling requirements.
