Roseville, MI 48066

SUBJECT: TERMINATION OF RADIOACTIVE MATERIALS LICENSE FOR HEART RHYTHM  
& PACEMAKER SPECIALIST, PLLC, MATERIALS LICENSE NO. 21-32248-01

Dear Dr. Hassan:

In letter dated May 19, 2025, and the accompanying U.S. NRC Form 314, "Certificate of Disposition of Materials," dated May 19, 2025, you notified the U.S. Nuclear Regulatory Commission (NRC) of a request to terminate U.S. NRC Materials License No. 21-32248-01. Your correspondence is available electronically from the Agencywide Documents Access and Management System (ADAMS) at Accession No. ML25150A032.

An environmental assessment for this action is not required because this action is categorically excluded under Title 10 of the *Code of Federal Regulations* (CFR) Section 51.22(c).

I have reviewed the submitted closeout survey report, radioactive materials transfer record and accompanying leak test report. Based on my review, it appears that all licensed material has been removed from your facility and residual radioactive material attributable to licensed activities does not exceed current U.S. NRC criteria.

Based on these conclusions, no further remediation or actions are required with respect to U.S. NRC-regulated material. Your facilities are suitable for release to unrestricted use, and U.S. NRC Materials License No. 21-32248-01 is hereby terminated.

In accordance with 10 CFR §2.390 of the U.S. NRC's "Rules of Practice and Procedure," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the U.S. NRC's ADAMS, accessible from the U.S. NRC website at <https://www.nrc.gov/reading-rm/adams.html>.

If you have questions, please contact me at (630) 829-9737 or [Jason.Kelly@nrc.gov](mailto:Jason.Kelly@nrc.gov).

Sincerely,

Jason M. Kelly, MPH, CPH  
Health Physicist  
Materials Licensing Branch
