Hi Jeffrey-

We are near completion on the response. We don't anticipate any further questions, and we plan to issue the response in July.

Thanks

Jim

Subject: [External_Sender] RE: NECR Evaporation System Partial Closure

Hello James – I hope all is well. I am following up again on the submittal below on behalf of UNC/GE. UNC/GE has signed the Consent Decree with EPA and the project team would like to begin progressing plans for evaporation pond closure while the CD works its way through the rest of the signature, public, and legal processes. Would you please advise if any additional information is needed?

Best regards,

Jeff Coleman, P.E.

Subject: RE: NECR Evaporation System Partial Closure

Hi Jeffery-

We're still reviewing the design specifications from the Reclamation Plans from the 1991 Canonie Reports. We'll let you know if we have any questions.

Thanks

Jim

Subject: NECR Evaporation System Partial Closure

On behalf of the United Nuclear Corporation and the General Electric Company (UNC/GE), this email transmits a letter and memorandum requesting NRC and EPA concurrence to partially close the enhanced evaporation system associated with the groundwater correction action program at the GE/UNC Mill Site.

Please contact Brian McCarthy (UNC/GE) or me with questions on the submittal.

Best regards,

Jeff Coleman, P.E.
