Hi Sandra,

For the first part of our catchup call next Tuesday, can you bring in your technical people involved with Rio Algom's "Desktop Eval. of GW in the Tres Hermanos A Sandstone" report. As previously discussed, we accepted this report for technical review On April 18, 2025 and now we need some clarification for our review of the report. If that time doesn't work for your technical people involved, please schedule a separate clarification meeting that includes Randy Fedors and me.

Thank you.

Regards,
