**Re: Notice of Closing of Transaction Involving Indirect Transfer of Control of
United States Steel Corporation License Nos. 13-23600-01, 13-26104-03, and
21-10459-01**

Dear Sir or Madam:

On July 2, 2024, U. S. Steel submitted to the Nuclear Regulatory Commission ("NRC") a Request for Consent to Indirect Change of Control of NRC Material License Nos. 13-23600-01, 13-26104-03, and 21-10459-01 (the "Application"). The NRC approved the Indirect Change of Control set forth in the Application on Nov. 8, 2024. The Committee on Foreign Investment in the United States and U.S. Government subsequently approved the transaction, subject to a national security agreement ("NSA"), and the President issued the final approval for the transaction by Executive Order on June 13, 2025.

U. S. Steel hereby provides written confirmation that the transaction, as described in its July 2, 2024 Application subject to the NSA, closed on June 18, 2025.

Please contact me at (412) 433-2856 or smduncan@uss.com with any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Scotland M. Duncan".

Scotland M. Duncan
Senior Vice President, General Counsel and Secretary
U. S. Steel
