As per today's telephone conversation, you can VOID licensing action from October 30, 2024. Will NOT change the laboratory hot room to any other room, meaning that everything from the original floor plan will remain unchanged.

Thank,

Ricardo E Santiago, MD

Good afternoon, Dr. Santiago –

I am reaching out once again to establish that I have the correct email address on file. If there is a better way to communicate, I would also like to discuss this.

Good morning, Dr. Santiago –

The previous license reviewer, Jonathan Pfingston, has passed this licensing action to me. This licensing action has been suspended since October 30, 2024. Please note that any licensing action that is suspended for one year may close or deny the amendment request. For any information regarding your license renewal, please contact me via email [R1DRSSMail.Resource@nrc.gov](mailto:R1DRSSMail.Resource@nrc.gov) and CC me at [Kelli.Trotter@nrc.gov](mailto:Kelli.Trotter@nrc.gov).
