**Office of the Chief Information Officer
Items of Interest**

**Freedom of Information Act (FOIA) and Privacy Act (PA) Requests and Appeals Received
During the Period of July 14 – July 18, as submitted by requester.**

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
FOIA-2025-000635	Graves, George	-	I am writing to formally request any and all records in the custody of the United States Nuclear Regulatory Commission regarding a radiological incident that occurred in June 1997 during a post-refueling cleanup at Indian Point Nuclear Power Plant Unit 2, then operated by Consolidated Edison.	07/14/2025
FOIA-2025-000636	Bacanskas, Vincent	Bacanskas Solutions LLC	I would like to request under 10 CFR 9, subsection 9.21(c)(1), a copy of a document known as Commission Memorandum and Order 7 NRC 400 (CLI-78-006), dated April 13, 1978. The order (CLI-78-006) was in response to a petition from the Union of Concerned Scientists (UCS).	07/14/2025
FOIA-2025-000637	Huang, Matthew	Evenstar, Inc	1. I request copies of existing records (database entries, spreadsheets, or similar formats) listing or summarizing queries made in general or advanced search in the new ADAMS Public Search interface (https://adams-search.nrc.gov/home), created or updated between January 1, 2025, and July 14, 2025. This search should be conducted only within OCIO, unless information is specifically known to reside elsewhere. 2. I request copies of existing records (database entries, spreadsheets, or similar formats) listing or summarizing queries made in basic, content, or advanced search in the older Web-Based ADAMS interface (https://adams.nrc.gov/wba/), reflecting searches executed between January 1, 2024, and July 14, 2025. This search should be conducted only within OCIO, unless information is specifically known to	07/14/2025

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
FOIA-2025-000637 (continued)			reside elsewhere. 3. ONLY if #1 and #2 do not produce records, I request copies of all internal memoranda, reports, or presentations that summarize or describe the types of queries made to either the new ADAMS Public Search or the older Web-Based ADAMS interface. I do not need these documents if records exist for #1 and #2. Such documents may have been prepared either in preparation for or as an outcome of the May 21, 2024, or May 20, 2025, public meetings on the ADAMS system. Document search should be limited to by individuals directly assigned to those meetings or the ADAMS Public Search project—beginning with Stephanie Blaney and expanding to others if relevant documents are not found (e.g., Arathi Dommeti, Leah Kube, PDR staff).	
FOIA-2025-000638	Ren, Tony	Kinetic Partners	Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I request copies of the following records in electronic format: 1. All price schedules, cost appendices, purchase orders, contract modifications, invoices, or other cost-proposal documents submitted to or retained by the NRC that specify dollar values for radiation-monitoring system (RMS) or nuclear-instrumentation system (NIS) equipment, refurbishment, or replacement associated with the Subsequent License Renewal (SLR) applications or approvals for: • Surry Power Station Units 1 & 2 (Docket Nos. 50-280/281) • North Anna Power Station Units 1 & 2 (Docket Nos. 50-338/339) • Oconee Nuclear Station Units 1, 2 & 3 (Docket Nos. 50-269/270/287) • V.C. Summer Nuclear Station Unit 1 (Docket No. 50-395) 2. For each plant listed above, any supporting “implementation plan” or “capital-projects” spreadsheets provided by	07/17/2025

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
FOIA-2025-000638 (continued)			the licensee to NRC staff that break out hardware costs for RMS/NIS work. Timeframe: Records dated January 1, 2020, through the present (or the most recent responsive record). Format: Please provide the records in digital form (PDF or native Excel/Word files) via the NRC's ADAMS public portal or by email/FTP link. FOIA fee category: I am a requester seeking records for personal/analytical use, not for commercial publication. I am willing to pay up to \$100 in fees; please obtain confirmation before exceeding this amount. Redactions: Consistent with 10 C.F.R. § 9.19, please redact only that information which is specifically exempt—e.g., security-related design details (10 CFR 2.390(d)(1)) or personal privacy data—while leaving unit prices and dollar totals intact. Narrowing the search: If any portion of this request is deemed overly broad, please contact me so we can discuss reasonable narrowing before any denial.	
FOIA-2025-000639	SALLEY, JASON	OHIO ATOMIC PRESS	I am requesting expedited access to all records related to this incident, including but not limited to: • Licensee incident reports • NRC event notifications or licensee correspondence • Inspection reports, enforcement actions, or violation notices • Hazardous chemical exposure documentation within NRC oversight • Any internal NRC communications, findings, or investigative records referencing this exposure or related site safety concerns • Communications with or about Fluor-BWXT Portsmouth LLC, Centrus Energy Corp., Mid-America Conversion Services LLC, Atkins Realis, North Wind Portage, or any site operators or contractors affiliated with the Portsmouth facility	07/17/2025

Tracking Number	Requester's Name	Requester's Organization	Request Description	Received Date
FOIA-2025-000640	Reichert, Kathy	Aerotest Operations, Inc	I am requesting information on FOIA 2024-000195 which was submitted on July 3, 2024. I'm requesting NRC logs and communications of this correspondence with anyone within the NRC or with anyone outside the NRC. (Date Range for Record Search: From 07/03/2024 To 07/17/2025)	07/17/2025
FOIA-2025-000641	Chauhan, Jitendra	-	Pursuant to the Freedom of Information Act (5 U.S.C. § 552), I respectfully request access to all records and communications held by your agency pertaining to the crash of Air India Flight 171, a Boeing 787-8 Dreamliner (registration VT-ANB), which tragically crashed on 12 June 2025 shortly after takeoff from Ahmedabad Airport, India, en route to London Gatwick Airport, UK. The accident resulted in 260 fatalities, including 241 onboard and 19 on the ground, with only one survivor. The aircraft crashed into a hostel block at B.J. Medical College in Ahmedabad, and the incident drew international attention, including an on-site visit by Indian Prime Minister Narendra Modi. Requested Records: I am specifically requesting the following records: 1. Cockpit Voice Recorder (CVR) data - full audio or transcript; 2. Flight Data Recorder (FDR) summaries and interpretations; 3. All internal communications, emails, reports, or memos between the FAA, NTSB, Boeing, Air India, or other investigative bodies regarding this incident; 4. Any safety bulletins, advisories, directives, or internal evaluations issued or under review by your agency or Boeing in response to this crash.	07/18/2025

Electric Power Research Institute Sessions

During July 7, 2025, to July 10, 2025, the Office of Nuclear Reactor Regulation staff in the Division of Engineering and External Hazards participated in familiarization sessions with Electric Power Research Institute (EPRI) to gain insights into recent revisions of EPRI documents involving a methodology for systematic development of high quality digital safety systems, that will serve as the technical basis for NEI 20-07, Revision E, "Guidance for Addressing Common Cause Failure in High Safety-Significant Safety-Related Digital I&C Systems". These sessions have prepared the staff to host a public Tabletop Exercise with the Nuclear Energy Institute (NEI) to walk through examples using NEI 20-07, Revision E, on July 23rd and 24th. Following the Tabletop, NEI plans to submit NEI 20-07, Revision E, for the staff's review in late August.

Federal Register Notice was Issued for the Publication of NUREG-2191

On July 17, 2025, a *Federal Register* Notice was issued for the publication of NUREG-2191, "Generic Aging Lessons Learned for Subsequent License Renewal (GALL-SLR), Final Report," Revision 1, Volume 1 and 2; NUREG-2192, "Standard Review Plan for Review of Subsequent License Renewal Applications for Nuclear Power Plants, Final Report," Revision 1; and NUREG-2221, "Technical Bases for Changes in the Subsequent License Renewal Guidance Documents," NUREG-2191, Revision 1, and NUREG-2192, Revision 1, Supplement 1. These incorporate completed SLR Interim Staff Guidance since the initial issuance of NUREG-2191, Volumes 1 and 2, new or updated industry guidance, codes and standards, and recent and significant plant operating experience. The Standard Review Plan also implements staff review efficiencies from the License Renewal Roadmap.

Administrative False Claims Act of 2023; Final Rule; 10 CFR Parts 12 and 13 (NRC-2025-0019; RIN 3150-AL31)

On July 17, 2025, the U.S. Nuclear Regulatory Commission (NRC) published a document in the *Federal Register* ([90 FR 33263](#)) amending its Program Fraud Civil Remedies Act (PFCRA) regulations to ensure compliance with the Administrative False Claims Act of 2023 (AFCA). The AFCA requires agencies to review and update existing regulations to ensure compliance with the AFCA amendments. The final rule includes changes to the NRC's PFCRA regulations required to meet the AFCA amendments and includes edits to correct typographical errors. The final rule is effective on July 17, 2025.

NRC Staff Met with Prairie Island Indian Community on NRC's Tribal Liaison Program

On July 17, 2025, the Tribal Relations Team (TRT) and Office of General Counsel met with representatives of the Prairie Island Indian Community (PIIC) at NRC's Headquarters. The TRT provided an overview of the agency's Tribal Liaison Program, consultation practices, participation in Tribal working groups, the Advance Notification Program, and NRC training availability for Tribes and States. PIIC expressed appreciation for its collaborative working relationship with the NRC and Xcel Energy.
