Privacy Impact Assessment	07/01/2025

The agency is subject to the requirements of the E-Government Act and is committed to identifying and addressing privacy risks whenever it develops or makes changes to its information systems. The questions below help determine any privacy risks related to the E-Government Act or later guidance by the Office of Management and Budget (OMB) and the National Institute of Standards and Technology (NIST).

Name/System/Subsystem/Service Name:

Employee Medical File (EMF).

Health Emergency Records – NRC SORN 46.

Data Storage Location (i.e., Database Server, SharePoint, Cloud, Other Government Agency, Power Platform)

SharePoint database.

Date Submitted for review/approval: July 23, 2025.

Note: When completing this PIA do not include any information that would raise security concerns or prevent this document from being made publicly available.

1 Description

1.1 Provide the description of the system/subsystem, technology (i.e., Microsoft Products), program, or other data collections (hereinafter referred to as “project”). Explain the reason the project is being created.

This system is to maintain records necessary and relevant to NRC activities responding to and mitigating high-consequence public health threats, including, but not limited to: COVID-19, diseases and illnesses relating to a public health emergency, pandemic, or other high-consequence public health threat. Records may include, but are not limited to, those applicable health related records needed to understand the impact of an illness or disease on the NRC workforce, to assist the NRC in protecting its workforce from a declared public health emergency, pandemic, or other high-consequence public health threat, as well as those records submitted by NRC personnel, or their lawful representative of such personnel. Information collected may also satisfy requirements resulting from an Executive Order of other Federal law.

Please mark appropriate response below if your project/system will involve the following:

<input type="checkbox"/> PowerApps	<input type="checkbox"/> Artificial Intelligence (AI)
<input type="checkbox"/> Dashboard	<input type="checkbox"/> Public Website
<input checked="" type="checkbox"/> SharePoint	<input type="checkbox"/> Internal Website

3.1 Describe how the data is collected for the project. (i.e., NRC Form, survey, questionnaire, existing NRC files/ databases, response to a background check).

Data will be collected in NRC system on NRC digital platforms

3.2 If using a form (paper or web) to collect the information, provide the form number, title and/or a link to the form.

N/A.

3.3 Who provides the information? Is it provided directly from the individual or a third party.

To be provided by employees or their designated representative

3.4 Explain how the accuracy of the data collection is validated. If the project does not check for accuracy, please explain why.

To be provided by employees or their designated representative

3.5 Will PII data be used in a test environment? If so, explain the rationale for this and how the PII information is protected.

N/A.

3.6 What procedures are in place to allow the subject individual to correct inaccurate or erroneous privacy information?

Self-validation or validation completed by designated representative

4 Data Security

4.1 Describe who has access to the data in the project (i.e., internal NRC, system administrators, external agencies, contractors, public).

Program Manager, Chief Human Capital Officer, System Owner/Data Owner/Steward, ISSM, Technical Project Manager

4.2 If the project/system shares information with any other NRC systems, identify the system, what information is being shared and the method of sharing.

N/A.

Employee Medical File (EMF)	Version 1.1
Privacy Impact Assessment	07/01/2025

4.3 If the project/system connects, receives, or shares information with any external non-NRC partners or systems, identify what is being shared.

N/A.

If so, identify what agreements are in place with the external non-NRC partner or system in the table below.

Agreement Type	
<input type="checkbox"/>	Contract Provide Contract Number:
<input type="checkbox"/>	License Provide License Information:
<input type="checkbox"/>	Memorandum of Understanding Provide ADAMS ML number for MOU:
<input type="checkbox"/>	Other
<input checked="" type="checkbox"/>	None

4.4 Describe how the data is accessed and describe the access control mechanisms that prevent misuse.

Access is restricted to only those who have a need to know.

4.5 Explain how the data is transmitted and how confidentiality is protected (i.e., encrypting the communication or by encrypting the information before it is transmitted).

When data is required to be transmitted for reporting purposes, data will be encrypted in accordance with privacy act requirements.

4.6 Describe where the data is being stored (i.e., NRC, Cloud, Contractor Site).

Data will be stored in NRC developed system on NRC digital platform.

4.7 Explain if the project can be accessed or operated at more than one location.

No.

4.8 Can the project be accessed by a contractor? Have the contractors completed an IT-II investigation? Do they possess an NRC badge?

N/A.

4.9 Explain the auditing measures and technical safeguards in place to prevent misuse of data.

The NRC safeguards records in this system according to applicable rules and policies, including all applicable NRC automated systems security and access policies. The NRC has imposed controls to minimize the risk of compromising the information that is being stored. Users of

Employee Medical File (EMF)	Version 1.1
Privacy Impact Assessment	07/01/2025

individual computers can only gain access to the data by valid user identification and password. Paper records, if maintained, are in a secure, access-controlled room, with access limited to authorized personnel.

4.10 Describe if the project has the capability to identify, locate, and monitor (i.e., trace/track/observe) individuals.

N/A.

4.11 Define which FISMA boundary this project is part of.

Information Technology Infrastructure (ITI)

4.12 Is there an Authority to Operate (ATO) associated with this project/system?

Authorization Status	
<input type="checkbox"/>	Unknown
<input type="checkbox"/>	No <i>If no, please note that the authorization status must be reported to the Chief Information Security Officer (CISO) and Computer Security Organization (CSO's) Point of Contact (POC) via e-mail quarterly to ensure the authorization remains on track.</i>
<input type="checkbox"/>	In Progress provide the estimated date to receive an ATO. Estimated date: <insert appropriate response>
<input checked="" type="checkbox"/>	Yes Indicate the data impact levels (Low, Moderate, High, Undefined) approved by the Chief Information Security Officer (CISO) Confidentiality - Moderate Integrity - Moderate Availability – Moderate

4.13 Provide the NRC system Enterprise Architecture (EA)/Inventory number. If unknown, contact [EA Service Desk](#) to get the EA/Inventory number.

EA# 20090005.

5 Privacy Act Determination

5.1 Is the data collected retrieved by a personal identifier?

Mark the appropriate response.

Response	
<input checked="" type="checkbox"/>	<p>Yes, the PII is retrieved by a personal identifier (i.e., individual's name, address, SSN, or other unique number, etc.)</p> <p>List the identifiers that will be used to retrieve the information on the individual.</p> <p>Employee Name, EmpID</p>
<input type="checkbox"/>	<p>No, the PII is not retrieved by a personal identifier.</p> <p>If no, explain how the data is retrieved from the project.</p>

5.2 For all collections where the information is retrieved by a personal identifier, the Privacy Act requires that the agency publish a System of Record Notice (SORN) in the Federal Register. As per the Privacy Act of 1974, "the term 'system of records' means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some other personal identifier assigned to the individual.

Mark the appropriate response in the table below.

Response	
<input checked="" type="checkbox"/>	<p>Yes, this system is covered by an existing SORN. (See existing SORNs: https://www.nrc.gov/reading-rm/foia/privacy-systems.html)</p> <p>Provide the SORN name, number, (List all SORNs that apply):</p> <p>Health Emergency Records – NRC 46</p>
<input type="checkbox"/>	SORN is in progress
<input type="checkbox"/>	SORN needs to be created
<input type="checkbox"/>	Unaware of an existing SORN
<input type="checkbox"/>	No, this system is not a system of records and a SORN is not applicable.

Employee Medical File (EMF)	Version 1.1
Privacy Impact Assessment	07/01/2025

5.3 When an individual is asked to provide personal data (i.e., form, webpage, survey), is a Privacy Act Statement (PAS) provided?

A Privacy Act Statement is a disclosure statement required to appear on documents used by agencies when an individual is asked to provide personal data. It is required for any forms, surveys, or other documents, including electronic forms, used to solicit personal information from individuals that will be maintained in a system of records.

Mark the appropriate response.

Options	
<input type="checkbox"/>	Privacy Act Statement (Insert link to Privacy Act Statement (PAS) for each form, webpage or survey etc.)
<input checked="" type="checkbox"/>	Not Applicable – but will be provided when needed
<input type="checkbox"/>	Unknown

5.4 Is providing the PII mandatory or voluntary? What is the effect on the individual by not providing the information?

PII is mandatory to track employee compliance with Federal mandate to provide applicable health related medical information. Not providing PII (employee name) would hinder NRC from monitoring employee compliance with law.

6 Records and Information Management-Retention and Disposal

The National Archives and Records Administration (NARA), in collaboration with federal agencies, approves whether records are **Temporary** (eligible at some point for destruction/deletion because they no longer have business value) or **Permanent** (eligible at some point to be transferred to the National Archives because of historical or evidential significance). Records/data and information with historical value, identified as having a “permanent” disposition, are transferred to the National Archives of the United States at the end of their retention period. All other records identified as having a “temporary” disposition are destroyed at the end of their retention period in accordance with the NARA Records Schedule or the General Records Schedule.

These determinations are made through records retention schedules and NARA statutes (44 United States Code (U.S.C.), 36 Code of Federation Regulations (CFR)). Under 36 CFR, agencies are required to establish procedures for addressing Records and Information Management (RIM) requirements. This includes strategies for establishing and managing recordkeeping requirements and disposition instructions before approving new electronic information systems or enhancements to existing systems.

The following questions are intended to determine whether the records/data and information in the system have approved records retention schedules and disposition instructions, whether the

Employee Medical File (EMF)	Version 1.1
Privacy Impact Assessment	07/01/2025

system incorporates RIM strategies including support for [NARA's Universal Electronic Records Management \(ERM\) requirements](#), and if a mitigation strategy is needed to ensure compliance.

If the project/system:

- Does not have an approved records retention schedule and/or
- Does not have an *automated* RIM functionality,
- Involves a cloud solution,
- And/or if there are additional questions regarding Records and Information Management - Retention and Disposal, please contact the NRC Records staff at ITIMPolicy.Resource@nrc.gov for further guidance.

If the project/system has a record retention schedule or an automated RIM functionality, please complete the questions below.

6.1 Does this project map to an applicable retention schedule in NRC's Comprehensive Records Disposition Schedule (NUREG-0910), or NARA's General Records Schedules?

<input type="checkbox"/>	NUREG-0910, "NRC Comprehensive Records Disposition Schedule"
<input checked="" type="checkbox"/>	NARA's General Records Schedules
<input type="checkbox"/>	Unscheduled

6.2 If so, cite the schedule number, approved disposition, and describe how this is accomplished.

This means that medical information and documents must be stored separately from other personnel records. As such, the NRC must keep medical records for at least 1 year from creation date. 29 CFR 1602.14. Further, records compiled under this system of records notice will be maintained in accordance with the National Archives and Records Administration General Records Schedule (GRS) 2.7, Employee Health and Safety Records, Items 010, 070, or 080 to the extent applicable.</p>

Note: Information in *Section 6, Records and Information Management-Retention and Disposal* does not need to be fully resolved for final approval of the privacy impact assessment.

7 Paperwork Reduction Act

The Paperwork Reduction Act (PRA) of 1995 requires that agencies obtain an Office of Management and Budget (OMB) approval in the form of a "control number"—before promulgating a paper form, website, surveys, questionnaires, or electronic submission from 10 or more members of the public. If the data collection is from federal employees regarding work-related duties, then a PRA clearance is not necessary.

7.1 Will the project be collecting any information from 10 or more persons who are not Federal employees?

N/A.

Employee Medical File (EMF)	Version 1.1
Privacy Impact Assessment	07/01/2025

7.2 Is there any collection of information addressed to all or a substantial majority of an industry (i.e., Fuel Fabrication Facilities or Fuel Cycle Facilities)?

For compliance with a Federal mandate, it is more likely than not that the impact would be to all Federal Employees but that would be determined by the Federal mandate (i.e. Executive Order (EO) from the President)

7.3 Is the collection of information required by a rule of general applicability?

No.

Note: For information collection (OMB clearances) questions: contact the NRC's Clearance Officer. Additional guidance can be found on the NRC's internal Information Collections Web page at: <https://intranet.nrc.gov/ocio/33456>.

STOP HERE - The remaining pages will be completed by the Privacy Officer, Records Management, and Information Collections Team.
