Subject: NRC License Amendment No. 9 - Request for more information!

1) **Licensee Name Change (item #1)**

- The request for more information or to define the name change classification. This is a name change request only! Change in name from Irisndt, Inc. to Apave America.
- Vehicles assigned to NRC locations will have the logo's changed to identify Apave IRISNDT.
- Site RSO's and authorized persons with source retrieval certifications shall be used in emergency situations to perform source retrievals and maintain the security of our Radiation protection programs.

2) **We are not decommissioning any sites or facilities. (item #4 & 6)**

- To Qualify a response affirming that the radiation protection program, facilities and equipment remain in use in accordance with the existing license
- The radiation protection program, facilities and equipment in use are currently the same as the IRISNDT system that was in place. *Updated procedures included in email for reference with the new Apave identification.*
- All associated records from IRISNDT are current and will be maintained by Apave America.
- Leak test records from IRISNDT are current and will be maintained by Apave America
- See Statement below for confirmation of decommissioning statement!

3) **IRISNT representative (currently now Apave America) signature confirming transfer of control of application (see Below) (item #7)**

4) **Statement identifying Apave will abide by all constraints, conditions, requirements, representations and commitments of the transferor (IRISNDT, Inc.) (Item #8) See Below**

**Attachments:**

- Apave America Current Operating Procedures
  - a. Operating & Emergency Procedure Ed. 6 Rev. 3
  - b. OP-2 Source Change Rev. 5
  - c. OP-3 Leak Testing Rev. 7
  - d. OP-4 Radiography Equipment Maintenance & Inspection Rev. 9
  - e. OP-5 Radiographic Projectors Rev. 7
  - f. OP-9 Action Levels Rev. 4
  - g. OP-10 Transportation, Shipping, Receiving and Storage of Radioactive Materials Rev. 5
  - h. OP-14 Source Retrieval Guideline Rev. 5
  - i. OP-82 Radiographic Projectors w/ Rope Access Rev. 1

Please reach out to us if you have further questions regarding the responses provided.  
Thank you in advance,

Regards,

  
Regional Radiation Safety Officer (Midwest)

NRC – RAM Licensing Dept.

IRISNDT is providing a signature request per instructions of the NU-Reg 1556 Vol.15 Rev. 1 Appendix E. identifying the transfer of control of the radiation safety / protection program to Apave America. Due to all personnel formerly of IRISNDT, now Apave America are currently in place, signatures from the following personnel are to ensure there are no program changes to the current license held by IRISNDT and all changes regarding company name change are identified through the amendment request process.

**To:** Tammy Tomczak; Martha Pavon  
**Subject:** New Action - IRISNDT Transfer of Control,  
**Attachments:** Incoming Transfer of Control Letter - IRISNDT.pdf

Hello Martha and Tammy,

Can you please use the attached file to open a new transfer of control licensing action for IRISNDT, Inc. Tammy, this action is spinning out from my current open action for IRISNDT so please assign to me.

Also, Tammy, can you please send the attached file to HQ to start the 30 day comment period? The file can be released publicly, let me know if you need a 665.

Licensee: IRISNDT, Inc.  
License No. 13-32791-01  
Docket No. 030-38777

Thank you,  
Laura
