Subject: Information for NRC License Amendment request

Hello Jennifer,

The NRC document management system we discussed on our call is called ADAMS, and you can obtain access to several documents using this system. It can be found here: <https://www.nrc.gov/reading-rm/adams.html#wba>

The document that may be helpful to you regarding Nicholas Graham is ML24290A052. This document could also be helpful to you in understanding the documents required to be submitted to the NRC in order for the NRC to evaluate an individual's qualifications as an RSO. The NRC must determine the individual is qualified to be an RSO for your specific license before they can be added to the license.

Once you have the necessary information ready to submit your amendment request, that should be submitted to R3-DRSSMail.Resource@nrc.gov

Please let me know if there is any additional assistance I can offer.

Thank you,
Laura
