US Nuclear Regulatory Commission

NRC Docket No. 99900003

Subject: GVH Extension Request for NRC Notice of Nonconformance Response

References: 1) NRC Inspection Report 99900003/2025-201 (July 24, 2025)

GE Vernova Hitachi Nuclear Energy (GVH) is required to submit a written response to the two (2) NRC Notices of Nonconformance (Reference 1) by August 23, 2025.

The notice of nonconformance indicates that consideration will be given to extending the response time for good cause. Given the nature of the 2 nonconformances and the resources necessary to provide a comprehensive response, GVH requests a 30 day extension of the response time to September 22, 2025.

Please contact me at 910-616-4018 or Stan Griffin at 910-616-4019 if you have any questions regarding this information or would like to discuss this matter further.

Sincerely,

Phillip D. Ollis, Manager
Facility Licensing
