Dear Bill Eldredge:

We have reviewed the Decommissioning Funding Plan (DFP) dated July 14, 2025, to meet the financial assurance requirements for your license. We have no further questions about the DFP at this time. Your next revision to your DFP is due on July 14, 2028

We have also reviewed the statements dated April 1, 2024, and April 1, 2025, from your financial institution regarding your Trust Fund (Trust) for calendar years 2024 and 2025 to meet the financial assurance requirements for your license. Please note that annual reporting requirements of Section 10, “Annual Valuation” of the Trust requires an annual report only after payment has been made into this standby trust fund. After payment has been made into this standby trust fund, the Trust requires annual submittals at least 30 days before April 27th, the anniversary date of the Trust. The financial assurance instrument was updated to a Surety Bond and approved in NRC letter dated July 27, 2023. Therefore, the annual valuation provided by the bank is not required until payment from the surety bond has been made into the Trust. You can inform your financial institution that submitting the annual valuation is not required unless payment has been made to the Trust.

Sincerely,

JUAN AYALA
