

NRC Docket Number: 99902106

U.S. Nuclear Regulatory Commission
ATTN: Document Control Desk
One White Flint North
11555 Rockville Pike
Rockville, MD 20852-2738

Subject: Radiant Submittal of “Categorical Exclusions for Microreactors”

This letter submits for review a white paper outlining considerations for categorical exclusions for microreactors. This submittal, Enclosure 2, is in the form of a white paper titled, “Categorical Exclusions for Microreactors”.

Radiant requests that the U.S. Nuclear Regulatory Commission (NRC) staff review Enclosure 2; no specific feedback is requested at this time. Radiant will reference the white paper in follow on preapplication engagement with the NRC staff.

This letter and enclosure make no new or revised regulatory commitments.

If you have any questions regarding this submittal, please contact Chanson Yang at chanson@radiantnuclear.com or (310) 741-2931.

Sincerely,

Chanson Yang
Head of Regulatory Engineering

Enclosure 1: Affidavit Supporting Request for Withholding from Public Disclosure (10 CFR 2.390)
Enclosure 2: Categorical Exclusions for Microreactors
