Date: 7 October 2025  
To: Bryan Parker, USNRC  
From: Petra Grivins, RSO  
Copies: Sean Liddick, FRIB RSC Chair  
Subject: Amendment Request, License #21-00021-31

I am requesting an amendment to our Type A Broad Scope License, 21-00021-31. Specifically, change Line Item "I" possession limits to read "1 curie per source, and 6 curies total."

This change will continue to enable scientific development of the FRIB accelerator program, while assuring that license limits are not exceeded. The activity contained in accelerator parts is not dispersable.

Thank you for your consideration,

Petra Grivins, FRIB RSO
