Subject: Clarification on Response to Request for Additional Information received 11-13-2025

Discussion:

C. Krout contacted C. Rios to inquire about the request to keep the address on the license for the office space and a facility diagram.

C. Rios stated that they knew that there is only office space, there is not a location for storage of the nuclear portable gauges. C. Krout informed C. Rios that a facility diagram would not be needed since they are not storing or have plans to store the gauges at DC location without a place for storage.

Action Required: Additional Request for information to be sent to licensee including the information needed to remove location from license.
