MODEL NO. HI-STAR 100MB PACKAGE

Dear Kimberly Manzione:

By letter dated April 3, 2025 (Agencywide Documents Access and Management System Accession No. ML25093A235), Holtec International submitted an application for approval of the Model No. HI-STAR 100MB package. The staff has performed an acceptance review of your application to determine if it contained sufficient technical information in scope and depth to allow the staff to complete a detailed technical review.

This letter is to advise you that the information needed to continue our review is described as a request for supplemental information (RSI) in the enclosure to this letter. Please note that addressing the RSIs does not preclude the staff from issuing further requests for additional information during the course of its detailed technical review of this application.

In order to schedule our technical review, the RSI responses should be provided by January 12, 2026. If the RSI responses are not received by this date, the application may not be accepted for review and the staff may discontinue any further review.

Please reference Docket No. 71-9378 and Enterprise Project Identifier No. L-2024-LLA-0128 in future correspondence related to this request.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark M. Ortiz".
