Docket Nos. 52-51, 52-52, 52-53, 52-54

**Subject:** Request to Withdraw Fermi America Combined License Application (COLA) Part 3 Environmental Report

**References:** (1) Fermi America Letter– Submission of Combined License Application for Fermi America, President Donald J. Trump, Advanced Energy And Intelligence Campus, Units 1 through 4, June 17, 2025 (ML25169A395)  
(2) NRC Letter, “President Donald J. Trump, Advanced Energy And Intelligence Campus, Units 1-4, Combined License Application Review – Acknowledgement of Interest in Applicant-Prepared NEPA Document Pilot Project (Project Number 99902146) (Docket Numbers: 05200051, 05200052, 05200053, AND 05200054), November 4, 2025 (ML25302A444)

On June 17, 2025, Fermi America submitted Part 1 of a COLA for the Donald J. Trump Generating Plant – Units 1 – 4 (Reference 1). This document contained eleven parts including Part 3, an Environmental Report. On November 4, 2025, the NRC acknowledged Fermi America’s commitment to participate in the applicant-prepared National Environmental Policy Act of 1969, as amended (NEPA) document pilot program (Reference 2).

Based on this commitment and following discussions with NRC staff, Fermi America has decided to withdraw COLA Part 3, “Environmental Report” and associated supporting information. Fermi America looks forward to supporting this pilot project and as noted in Reference 2 will work together with NRC to facilitate a timely and effective environmental review of the project.

If you have any questions regarding this submission, please contact Mesut Uzman, Chief Nuclear Construction Officer, Fermi America via email: [Mesut@fermiamerica.com](mailto:Mesut@fermiamerica.com). This letter makes no new or revised regulatory commitments.
