### Subject: Response to Notice of Violation

In response to the Notice of Violation dated 12/18/2025, Summit NDE, LLC provides the following:

#### 1. Reason for the Violation

The violation occurred due to outdated labeling on two radiographic exposure devices and the absence of a label on one device. This was an oversight during equipment transfer and maintenance activities following a recent address change. Our internal audit process did not identify these discrepancies prior to the NRC inspection.

#### 2. Corrective Steps Taken and Results Achieved

- Immediately after the inspection, all radiographic exposure devices were inspected.
- Missing and outdated labels were replaced with durable, legible labels displaying the correct company name, address, and telephone number on Tuesday, March 11<sup>th</sup>, 2025.
- A review with all radiography personnel on labeling requirements was conducted on March 14<sup>th</sup>, 2025.

#### 3. Corrective Steps That Will Be Taken

- Uphold quarterly audit standards of all radiographic exposure devices to ensure compliance with 10 CFR 34.20(b)(1)(v).

#### 4. Date When Full Compliance Will Be Achieved

- Full compliance was achieved on March 15, 2025, after all devices were relabeled, and all personnel reviews were completed.

Sincerely,
