

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

{{date:long}}

The Honorable Mike Johnson  
Speaker of the House of Representatives  
Washington, DC 20515

Dear Mr. Speaker:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am forwarding the enclosed "Report to Congress on Abnormal Occurrences: Fiscal Year 2025." This submission is in accordance with section 208 of the Energy Reorganization Act of 1974, as amended (Public Law 93-438), and the Federal Reports Elimination and Sunset Act of 1995 (Public Law 104-66), which require the NRC to identify and report abnormal occurrences (AOs) to Congress annually. An AO is an unscheduled incident or event that the Commission determines to be significant from the standpoint of public health or safety.

The enclosed AO report for fiscal year (FY) 2025 describes seven events involving Agreement State licensees and two events involving NRC licensees. Four AOs were medical events as defined in Title 10 of the *Code of Federal Regulations* Part 35, "Medical Use of Byproduct Material." The remaining five AOs consisted of one loss of an industrial radiography source, two events involving overexposure of declared pregnant radiation workers, one significant breakdown in radiological controls, and one unintended fetal/embryo exposure during a medical procedure. No events at commercial nuclear power plants met the criteria for an AO. The NRC identified no events during FY 2025 that met the guidelines for inclusion in Appendix B, "Other Events of Interest." In Appendix C, "Updates on Previously Reported Abnormal Occurrences," the NRC included updates on AO AS24-06, "Medical Event at AdventHealth Altamonte, Altamonte Springs, Florida."

If you have any questions or need additional information, please contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at 301-415-1776.

Sincerely,

Ho K. Nieh

Enclosure:  
FY 2025 AO Report to Congress
