Hi Maxine,

Thank you for your response! I just sent you an invite for 12 PM ET tomorrow.

Thank you so much! I'm looking forward to meeting you.

All the best,
Fiona

Hi Fiona,

Thank you for your message, it's great to meet you. Yes, I would be happy to meet and share any insights that would be valuable for your project. I am available tomorrow any time after 11:30am, or I can meet next week on Monday, Tuesday, or Wednesday any time after 11am each day.

Best,

Maxine

Dear Maxine,

I hope you had a good weekend! My name is Fiona, and I am a student at Harvard. I recently joined U.S. Women in Nuclear after beginning a research project in the field. I found you through the member directory and would love to meet with you to hear your insights given your role as an Attorney for the NRC.

Would you be open to meeting sometime in the coming days? I believe your insights would be immensely valuable for my project and would really appreciate you taking the time to speak with me.

All the best,
Fiona

Hi Hart,

It was great talking with you! Definitely stay on the lookout for ABA SEER Nuclear Law Committee events—joining as a member should get you updates via email. And if you want to publish your writing, please reach out! Like I said, 500 word minimum (and 1500-word max) and no bluebook citations. Just embedded hyperlinks. Much easier than law school writing!

I'll get back to you with a good next contact.

Best,

Maxine

Hi Maxine,

Huge thanks for all of your advice and perspective on nuclear law and government. It was great to meet another person who came into the field from a scientific background.

I'm looking forward to the ABA events if I end up in DC this summer and hope to participate on the committee as I start to write more about the nuclear industry!

Best wishes for the weekend.

Best,
Hart

Dear Maxine,

Thank you for the response and no worries at all.

Might this Friday at 12PM or 1PM work? Please let me know and I can send a Teams link.

Best,
Hart

Good morning Hart,

So sorry for my delayed response. Yes, I would be more than happy to talk. I am available any time this Friday 11/1, Monday 11/4, or Friday 11/8. I could also talk the morning of 11/12. Phone or Teams works best for me.

Looking forward to it.

Best,

Maxine

Subject: [External_Sender] Yale Law 1L Interested in Nuclear Law

Dear Maxine,

I hope you're doing well.

I'm a 1L at Yale Law and am interested in nuclear energy law. During college at Columbia and as a contractor to the Department of Energy's Marshall Islands Program, I did research on radiation and its impact on health. I'm now eager to take that knowledge, in addition to a passion for technology policy, to the nuclear energy field.

I'm thinking through how best to structure my academic years and summers to prepare myself for work in the field after graduation. Might you have some time for a call in the coming weeks to provide advice on how best to do this? I'd be extremely grateful for any insight you may have.

Thank you.

Best,
Hart Rapaport
