Subject: Draft Pre-Mobilization Notification, October Uranium Mine Waste Pile Remediation,
Mesa County, Colorado, License No. SUA-1605, Docket No. 40-38417

Dear Mr. White:

DISA Technologies, Inc. (DISA) is pleased to submit this Pre-Mobilization Notification (PMN) to the U.S. Nuclear Regulatory Commission (NRC) staff for the October Uranium Mine Waste Pile Remediation, in Mesa County, Colorado. This project will serve as DISA's demonstration project as required by License Condition 17. Under separate cover, DISA is submitting additional information for which DISA is requesting to withhold from public disclosure. Also, DISA will be submitting a Plan of Operations Modification to BLM and a Mining Permit Amendment to DRMS. Once these applications are submitted, DISA will forward them to the NRC staff. DISA appreciates the assistance offered by the NRC staff and is looking forward to a long and fruitful relationship, as we remediate uranium mine waste and return public and private lands to valuable uses. If you have any questions or comments, please contact me.

Sincerely,

Stephen J. Cohen, PG, CSP, CHMM
Chief Regulatory Affairs Officer
