RE: Response to RAI for Amendment Request – Add a new authorized location to our NRC License 21-00943-03 for medical use of radioactive materials

In this letter, I am responding to the request for Additional Information regarding our license amendment request dated November 17, 2025, with control number 654462.

I confirm that there is no intended use of PET radiopharmaceuticals under our license 21-00943-03 at this location (Trinity Health Livingston Hospital, 7555 Grand River Ave., Brighton, MI 48114).

Please contact me at (734) 712-8746, or Yuanqing.guo@trinity-health.org if any additional information is required.

Respectfully,

A handwritten signature in blue ink that reads "Yuanqing Guo".

Yuanqing Guo, PhD, CHP
Radiation Safety Officer

Hi Nathan,

Thank you so much for reviewing our license amendment request. Attached please find the response to the Request for Additional Information below with Statement:

I confirm that there is no intended use of PET radiopharmaceuticals under our license 21-00943-03 at this location (Trinity Health Livingston Hospital, 7555 Grand River Ave., Brighton, MI 48114).

Feel free to contact me if any additional information is needed.

Thanks again for your kind assistance.

Regards,

Yuanqing

Good morning, Yuanqing Guo,

This email is in response to the letter dated November 17, 2025, to amend U.S. Nuclear Regulatory Commission (NRC) Materials License No. 21-00943-03. Upon reviewing your request, the following area was identified and requires clarifying information:

1. Please confirm, by providing a statement, that there is no intended use of PET radiopharmaceuticals at this location.

Please submit your signed response letter by February 19, 2026. If you need more time or have any questions, please don't hesitate to contact me. As you will not receive a hard copy of this request for additional information, please confirm that you have received this email.

Thank you,

Nathan Bryant
