Subject: NRC Preliminary questions on the Hadron Energy Quality Assurance Program Description Topical Report, Revision 1
Date: Friday, January 30, 2026 1:10:00 PM
Attachments: (PROP)Information needs associated with the staff's review of Hadron's Quality Assurance Program Description Topical Report Rev. 1 (PROP).pdf

The NRC staff has completed an initial review of Hadron's QAPD Revision 1 topical report and developed a set of preliminary questions to improve its understanding of the information presented in the report. The questions are intended to:

- Obtain clarification regarding material in the topical report
- Promptly identify areas where additional information may be needed
- Facilitate discussions and continue effective communication

The NRC staff requests that Hadron Energy propose times to discuss the attached preliminary questions in a public meeting. Based on the outcome of its discussions with Hadron Energy on the topics identified below, the NRC staff may develop formal requests for additional information to complete its review of the topical report.

Please confirm the attached questions do not contain any proprietary information and if they can be made public.

Thanks
