

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

February 11, 2026

SECRETARY

MEMORANDUM TO: Michael F. King  
Executive Director for Operations

FROM: Tomas E. Herrera, Acting Secretary

SUBJECT: STAFF REQUIREMENTS – SECY-22-0065 – EVALUATION OF  
THE U.S. NUCLEAR REGULATORY COMMISSION'S GENERAL  
LICENSE PROGRAM FOR DEVICES CONTAINING  
RADIOACTIVE MATERIALS IN RESPONSE TO SRM-SECY-17-  
0083

The Commission has approved the staff's request to withdraw the subject SECY paper.

The staff's request was based on advancements to the generally licensed (GL) program accountability efforts and the fact that some information in the paper is no longer current and would not represent the most complete and accurate basis for a Commission decision. The staff will continue to monitor and manage the GL program to ensure established performance metrics are met as process improvements continue to be made.
