Attention: Document Control Desk  
Anthony Bowers, Acting Director  
Division of Security Operations  
Office of Nuclear Security and Incident Response  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Subject: Submittal of the Standard Practice Procedures Plan for the Laser Isotope Separation Technologies, Inc. Demonstration Facility

Dear Anthony Bowers:

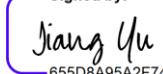

The purpose of this letter is to provide the U.S. Nuclear Regulatory Commission (NRC) with the possessing Laser Isotope Separation Technologies, Inc. (LIST) Standard Practice Procedures Plan (SPPP) for review and approval. The SPPP describes the proposed security procedures and controls for the LIST Demonstration Facility's "closed area" to safeguard classified matter associated with its laser enrichment technology. It is LIST's intention to have its "closed area" inspected and approved for a possessing facility security clearance by the NRC before the Department of Energy declares its technology as classified Restricted Data.

The enclosure contains Security-Related Information therefore, LIST requests that the enclosure be withheld from public disclosure pursuant to 10 CFR 2.390.

If you have any questions, please contact J. Keith Everly, Head of Security and IP Management for LIST at 301-717-0596 or at Keith@laseristech.com.

Sincerely,

Enclosure: As stated

Signed by:
