Stephen,

Let's wait, given this information. Our full-time replacement is starting next Monday. I'll have the updated paperwork to you before the week is out.

You don't often get email from [stephen.poy@nrc.gov](mailto:stephen.poy@nrc.gov). [Learn why this is important](#)

----- **External Email:** Use caution with attachments, links, or sharing data -----

Good afternoon,

I received your request to amend your license with regard to the change in the RSO. Do you want to amend your license now or wait until you have selected a permanent RSO – at which time you will have to submit another request? If you want to amend your license now – you will need to send in more information with regard to the temporary RSOs qualifications.

If you want to wait until a permanent RSO is selected – can you provide a time frame when this selection will be completed?

Let me know if you have any questions.

Stephen Poy, Project Manager  
U.S. Nuclear Regulatory Commission (NRC)  
Office of Nuclear Material Safety and Safeguards (NMSS)

Good morning Tamyra,

I had a very relaxing Holiday, thank so much for asking and I hope yours was great too! You were right, Purdue University belongs to DFM/FFLB... I've cc'd the project manager and his backup so they are aware.

Thank you,

*Joseph M. Goodridge*, Licensing Assistant

**Subject:** FW: Amendment Request for SNM-142

Good Morning Joe,

Happy New Year! I pray that you were able to enjoy the holiday season. We received the below amendment request from the region, however this isn't one of our license/licensee. I believe that this may be an action/information for DFM.

Kind Regards,

*Tamyra Brockington*

*U.S. Nuclear Regulatory Commission*

*Licensing Assistant*

**Subject:** Amendment Request for SNM-142

Good morning, Tamyra 😊

The following contains a request for amendment for SNM-142. I was not sure who the document should be routed to?

Please let me know.

Have a great Monday!!

Tammy
