SUBJECT: QUALITY ASSURANCE PROGRAM APPROVAL FOR RADIOACTIVE
MATERIAL PACKAGES NO. 0102, REVISION 10

Dear Kristen B. Mason:

Enclosed is the revised Quality Assurance Program (QAP) Approval for Radioactive Material Packages, NRC Form 311, No. 0102, Revision No. 10, in response to your letter listing a company name and ownership revision to the QAP dated December 23, 2025, Agencywide Documents Access and Management System (ADAMS) Accession No. ML26063A403. This Approval satisfies the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) 71.17(b) and 71.101(c) for a QAP approved by the NRC.

Termination of your materials license does not cause this Approval to be automatically terminated. If you wish to amend this Approval and have determined it reduces commitments, or terminate this Approval, please request it in writing.

This letter also serves as a reminder that if you are using or planning to use an NRC-approved package, you must be registered for use of that package with NRC. Registration for use of NRC-approved packages should be made pursuant to 10 CFR 71.17(c)(3).

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this communication will be made available electronically for public inspection in the NRC Public Document Room (PDR) or from the Publicly Available Records component of the NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>. The PDR is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.
