Dear Sir,

We would like to request an amendment to our license to increase the amount of Troxler 3400 series portable gauging devices we may have in our possession. Our current license, License No. 47-31438-01, allows for the use and possession of five such devices. We would request our license be increased so that we may purchase three additional gauging devices.

Respectfully,

Chris Apperson
President

Erik Hill
Radiation Safety Officer
