Dear DFM Director,

In accordance with the Memorandum of Understanding between our agencies, I request that you review the attached Canadian Certificate of Competent Authority CDN/2109/B(U), Rev. 1, dated December 18, 2025, for the ISORAD-TC3 package and make a recommendation concerning our revalidation of the package for import and export use.

To assist you in your review, a copy of the package design safety report for the ISORAD-TC3 package, along with other supporting documents will be provided to your staff electronically.

The applicant has requested DOT revalidation to be completed and issued by the end of June 2026.

If you have any questions or need any additional safety information, please feel free to contact me at (202) 734-0738 or via email at Lad.Falat@dot.gov.

Sincerely,
