SUBJECT: CABELL HUNTINGTON HOSPITAL, ACCEPTANCE OF CONFIRMATORY ORDER NOTIFICATION, MAIL CONTROL NO. 658466

Dear Tim Martin:

This is in reference to your letter received April 13, 2026, notifying the U.S. Nuclear Regulatory Commission (NRC), pursuant to Condition V.B of the NRC Confirmatory Order dated November 10, 2022 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML22313A116), of a change in the Cabell Huntington Hospital Radiation Safety Committee Charter. Specifically: "[Cabell Huntington Hospital] *will notify the NRC in writing of any changes to the RSC charter for a period of up to three years from the date of the receipt of NRC approval of the RSC charter.*"

Compliant with the above, Cabell Huntington Hospital duly submitted the above-referenced notice and included a description of changes to the Radiation Safety Committee Charter. While the letter noted that the changes were approved on August 26, 2025, approximately eight months prior to your notification being received, the Confirmatory Order condition described above did not require a timeliness to the notice. As a result, your notification is accepted and no further correspondence on this matter is required.

Your cooperation is appreciated.

Sincerely,

JASON VONEHR
