SUBJECT: SECY-26-0042: Delegation of Authority to Approve
Federal Register Notice Publication for Proposed
State Agreements

I approve SECY-26-0042 and appreciate the staff's work to shorten the Agreement State approval timeline by streamlining the publication of the proposed State Agreement Federal Register notice. However, if a proposed State Agreement would authorize a state to regulate activities that the NRC has not previously permitted any state to regulate, the staff should continue to follow the traditional two-paper process, preparing a first paper for Commission review prior to publication and a second paper for final approval.
