Subject: License Amendment Request  
West Virginia University Hospitals, Inc.  
NRC License No. 47-23066-02, Docket 030-20233

Dear Licensing Assistance Team,

We would like to request the following amendments to our license.

1. Remove item I Cobalt-60 sealed sources for medical use permitted by 10 CFR 35.1000, in an ELEKTA Instruments AB Model Leksell Gamma Knife Perfexion.
2. Remove specific locations of use in License Condition 10.A (Ruby Memorial Hospital, Mary Babb Randolph Cancer Center, and Health Sciences Center South Building). These locations are all on the WVU Health Sciences Campus. Please edit the location of use in 10.A to WVU Health Sciences Campus, Morgantown, West Virginia. We request that all materials (6.A through 6.N) on the current license (amendment 46) be authorized for use at the WVU Health Sciences Campus location.
3. In place of the current License Condition 10.C, we request that it specify materials authorized for use at Jefferson Medical Center, 300 South Preston Street, Ranson, West Virginia. We request authorization for use of items 6.A, 6.B, and 6.E (Technetium-99m) at the Jefferson Medical Center location.

If any additional information is needed, please contact Stephen Root at 304-293-3413 or [sroot@hsc.wvu.edu](mailto:sroot@hsc.wvu.edu).
