SUBJECT: SUSPENSION OF REVIEW OF RENEWAL REQUEST FOR GOVERNOR JUAN F. LUIS HOSPITAL AND MEDICAL CENTER, NRC LICENSE NO. 55-25547-01, MAIL CONTROL NO. 644983

Dear Hazel Philbert:

We reviewed your letter dated January 27, 2025, requesting to renew NRC License No. 55-25547-01. The NRC reviewed your request and responded with a written Request for Additional Information (RAI) on March 28, 2025. The NRC provided a courtesy status request on April 24, 2025. Your renewal request and the NRC's RAI are available electronically from the Agencywide Documents Access and Management System (ADAMS) at Accession No. ML25029A134 and ML25087A087.

As the signed response has not been provided to our office, and it has been over the 30 calendar days since the NRC provided its request for additional information, we have suspended the review of your application pending receipt of the additional requested information. Due to the delay in receiving the additional requested information that is necessary for review of your application, the NRC cannot project when it will make a determination on the application request. Once a complete, signed response is received, the NRC will provide an updated date for the NRC to complete its review. If an adequate response is not received by May 6, 2026, the NRC will administratively close or deny the request, as appropriate.

Note that if your request is administratively closed, the reviewer will discuss the suspended renewal application with his or her management and determine if the application should be denied as described in Section 4.11.2 of NUREG-1556, Vol 20, Revision 1. A denial would require divestiture of all material in the licensee's possession upon expiration of the license (see Section 4.23 of this NUREG for additional information regarding license expiration). If your request is administratively closed, you may submit a new license request at a later date and refer to Control No. 644983 for the documentation you have already submitted.

In accordance with 10 CFR 2.390 of NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from ADAMS, accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

H. Philbert
